EDUCATION

University of North Carolina at Chapel Hill Kenan Flagler Business School May 2027
Master of Science in Management), Marketing Track
University of North Carolina at Chapel Hill – Chapel Hill, NC May 2026
Bachelor of Science in Information Science and Minor in Media and Journalism

EXPERIENCE

WholeView Report – Chapel Hill, NC June 2026 – August 2026
UX Research Lead Durham, NC

- Led beta tester recruitment initiatives by contacting 40+ potential users, resulting in 12 active beta testers for an early-stage HR-tech and hiring intelligence platform technology platform
- Conducted user interviews and beta testing sessions to evaluate usability, identify pain points, and gather actionable feedback that informs product improvements
- Synthesized qualitative user feedback into recommendations that support product development and feature prioritization
- Performed heuristic evaluations of interface to capture and resolve high level usability issues that hinder user experience efficiently

OWS OASIS IT Support Technician September 2024 – May 2026
OASIS Tier One Support Chapel Hill, NC

- Provided desk-side technical support to faculty and staff across multiple departments, resolving 4+ service tickets weekly
- Installed and configured operating systems and software, ensuring successful integration with the UNC campus domain
- Identified workflow inefficiencies and recommended process improvements to enhance IT support operations
- Collaborated with team members on projects and daily operations, contributing to timely issue resolution and service quality

North Carolina Dept. of Transportation (NCDOT) May 2025 – August 2025
Data Analyst Intern Raleigh, NC

- Analyzed large transportation datasets to identify gaps, recommend new data categories, and improve reporting accuracy
- Built interactive 2+ Power BI dashboards that transformed raw data into clear, actionable visual insights
- Presented findings and gathered feedback during SCRUM meetings, ensuring alignment with cross-functional teams
- Managed tasks using a Kanban workflow to support timely delivery of dashboard updates and data quality improvements

LEADERSHIP AND COMMUNITY INVOLVEMENT

App Team Carolina February 2024 – January 2026
UI/UX Designer – Luminary (January 2025 – January 2026) Chapel Hill, NC

- Designed and prototyped 10+ mobile interfaces in Figma, improving navigation clarity and user flow
- Created wireframes and interactive prototypes to translate product requirements into intuitive design solutions
- Conducted user research and usability testing to identify friction points and validate design decisions
- Collaborated with developers and project managers to align user experience with technical feasibility

UI/UX Apprentice (August 2024 – December 2024)

- Refined skills in user experience design while also introducing elements of user research for informed design decisions
- Conceptualized and designed Sonar, a music discovery app, translating user needs into an engaging and intuitive product experience
